HP LaserJet Enterprise MFP M630 series

Accelerate digital workflow and safeguard information

Rely on a full-featured HP Enterprise Flow MFP that streamlines digital workflow with advanced HP Flow solutions, safeguards business data and documents with a robust suite of top-flight security features and offers simple, efficient mobile printing.

Get powerful performance to enhance workflow.

- Scan two-sided documents in a single pass with super-fast scan speeds. HP EveryPage allows employees to scan without worry and detect potential errors or missed pages on the spot – even when the weight, size or condition of pages varies.

- Preview and edit scans, adjust images and launch standard processes, all at the 20.3 cm (8-inch) colour touchscreen.

- Enter data more quickly and accurately using the pull-out keyboard and create searchable and editable scanned files, using built-in optical character recognition (OCR) software.

- Tackle high volume printing with a standard paper capacity of up to 3,100 sheets, high yield toner cartridge, automatic job sorting and finishing, using the 3-bin stapling mailbox.

Protect your business – now and in the future.

- Safeguard and manage centrally your printing fleet with the HP Imaging and Printing Security Center and HP Web Jetadmin.[2]

- Confidently safeguard sensitive business data sent to your MFP with advanced security features and encrypted hard disk.

- Secure your investment – depend on an MFP that can expand with your business, whenever solutions advance.

- Safeguard security keys, passwords and certificates with the optional HP Trusted Platform Module.[3]

Enjoy easy and secure mobile printing.[1]

- Enjoy mobile printing at a touch: enable optional touch-to-print and touch-to-authenticate convenience from mobile devices.[4]

- Enable secure peer-to-peer direct-access mobile printing without connecting to the corporate network.[5]

- Print at work, home or on the go from your smartphone, tablet and notebook with HP ePrint[6] and AirPrint™[7].

- Pull print jobs from your pocket – walk up and print or scan from your USB drive.

Footnotes

[1]Local printing requires mobile device and printer to be on the same wireless network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/mobileprinting for more details. Some features require purchase of optional module.; [2]HP Web Jetadmin is free and available for download at http://www.hp.com/go/webjetadmin.; [3]Use of the optional HP Trusted Platform Module accessory may require a firmware upgrade.; [4]HP touch-to-print requires purchase of an optional module. Mobile device must support near field communications-enabled printing. For a list of supported devices, see http://www.hp.com/go/businessmobileprinting.; [5]Wireless direct printing requires purchase of optional module. Mobile device needs to be connected directly to the WiFi network of a wireless-direct capable MFP or printer prior to printing. Depending on mobile device, an app or driver may also be required. Wireless performance is dependent on physical environment and distance from the access point in the MFP or printer. For details, see http://www.hp.com/go/businessmobileprinting.; [6]Requires an Internet connection to an HP web-enabled printer and HP ePrint account registration. For a list of eligible printers, supported documents and image types and other HP ePrint details, see http://www.hpconnected.com. Mobile devices require Internet connection and email capability. May require wireless access point. Separately purchased data plans or usage fees may apply. Print times and connection speeds may vary. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz routers only.; [7]Supports the following devices running iOS 4.2 or later: iPad®, iPad® 2, iPhone® (3GS or later), iPod touch® (3rd generation or later). Works with HP's AirPrint-enabled printers and requires the printer be connected to the same network as your iOS device. Wireless performance is dependent upon physical environment and distance from the access point. AirPrint, the AirPrint logo, iPad, iPhone and iPod touch are trademarks of Apple® Inc., registered in the U.S. and other countries.
